WE'RE
NO.1

To My Wife;

I remember so well
a special occasion. I still
see your face and your eyes staring
at me, but ever better now is the
ability to feel the love, passion, and great
concern which we together feel for each other.
Nonny, if I ever felt a true love for someone its you!!
The love I will show in days and years to pass are yours
dreams of what you've always wanted. For I am here to be yours
forever and ever and to make your life happy if I can.
Remember Freda and Harvey for they were the first in giving
us our French connection.

Love
Jimmy
(your husband)

P.S. I'm yours all heart body and soul!! I love you!!

Denise,

Why did they throw us out of the office? We didn't do anything wrong! Oh well, while we were in there I got to know you pretty well. I think you're a swell girl and I have enjoyed knowing you and being your friend.

Best wishes to you and Jimmy and may God bless you all with a happy marriage and a house full of kids.

Again,
God bless you,
Patty

Denise,

I have really loved my 3 years at A.H.S. and I know you have too. I really hate having to leave, but time must pass. There's a big, scary world out there waiting for us. But I'm sure we can face it (with the help of Mathematical Analysis) Ha! Ha!

You have been a "great" friend and I've enjoyed sharing my hang-ups with you. Thanks for being who you are and always remember that if you need someone, I'm around to talk to. Have a great summer and life! And always let Jesus put a song in your heart and a smile on your face!

Days drip by as the calendar pages are flipped over
And over and over and over
And as I sit waiting for the clock to tick
I think it stopped a few years ago.

Meg

Love,

Denise

This year has been a real blast! We sure have had some fun being friends. Thanks for listening to me talk about love problems and "sing" your math to you. You're great and I think Jimmy Byrd is a lucky guy! Be sweet and good luck in the future. I'm so glad that we're friends so. We'll never forget "old Cassey" and I know I won't forget you.

Jessie,
Well this has been a great year for you even if the only thing happened was meeting Jimmy which most likely wasn't the most important but was the most important. Graduation is coming about here and I'd like to wish you the best of luck in the future and have a great summer.

College Day

Denise,

What can I say but that I have really enjoyed being your friend these years, but I'm especially glad for this year even though I didn't get to see you as much since we didn't have a class together. I'm sorry that I was so undependable about taking you home, and I hope you forgave me for the times I left you stranded. You have really been through a lot this year, and I'm hoping that you have finally found what you are looking for. He is really a very sweet person. I don't guess that you or I will forget the night of the senior bon fire any time soon, either.

You are a very sweet person yourself with a lot going for you so here's to the future and what ever it may bring... hopefully happiness. Come see me at State if you can because I will miss you.

Good luck,
friend always,
Love,

Well, as you can tell by this picture, this year was really a bummer. No, seriously I had a good time this year, as I may have already told you. I can't believe that we're finally seniors. We've been through so much together since about the 8th grade. Remember our swinging party and counting up all of those points for everybody? That can take a lot out of you, keeping up with everybody's points. Well, it's been nice and you and Jimmy have a good time this summer and every other day after that.

Asheboro High Students Given 'Open Lunch' By School Board

By BOB WILLIAMS

Representatives of the Asheboro High School Student Council Thursday night convinced the Asheboro Board of Education to adopt a policy allowing students to leave campus during lunch hours.

Immediately after the student contingent led by student body president Bruce Voncannon made its presentation for an "open campus," school board member Henry Armfield moved that the present policies concerning lunch be revised.

"When these kids leave next year to attend a university, they will have very few restrictions about where they can go and what they can do, and I say put the responsibility on them now," Armfield said.

"These are also the same kids who will be electing the school board next time around. If they can be sent to Vietnam, they can certainly be allowed to have a free hour for lunch," Armfield added.

Armfield's motion was, after some discussion and revision, adopted unanimously. The approved motion revised current "closed" lunch policy to allow students with parental permission to leave the school campus during lunch hour.

The new policy is effective immediately, it was noted, and will be put into operation "as soon as feasible." Schools Supt. Guy B. Teachey pointed out that current scholastic insurance only covers students while traveling to and from school in the morning and afternoon and while on the school grounds during the day. It was explained that the schools would not be responsible for any student hurt while away from school during lunch.

Armfield moved that the open lunch policy be put into operation "immediately," but the adopted motion provides for operation "as soon as possible."

AHS's RALPH ALEXANDER PRESENTS OPEN LUNCH PROPOSAL

"You could stall this thing the rest of the year if you want," Armfield told Teachey, "and I don't plan to let that happen."

Student president Voncannon, who along with Ellen Henson and Ralph Alexander presented the proposal, said student government associations at Asheboro High have been working toward open lunches for four years.

After thorough study of the situation here and at other schools which have open lunches, Alexander said parents of the students were surveyed.

The survey results showed that 62 percent of the parents who answered questionnaires favored an open lunch policy, while 38 percent did not favor the idea.

After the new policy was adopted, Voncannon was elated.

"I hope you won't think this is bush league of me," he told the board members. "But I could kiss everyone of you."
